## **Plymouth Public Library Foundation Provides Technology with the help of Annual Sponsors**

The Plymouth Public Library Foundation is thrilled to welcome five new Annual Sponsors for the 2022 giving season. Thanks to their generosity and the now disbanded Plymouth Industrial Development Corporation the PPLF was able to fund the purchase of eight new public computers in the Tech Etch Technology area of the Plymouth Public Library.

Tech Etch, the Library's first Foundation Sponsor, joins long-term Community Level Sponsor, The Newfield House, and Supporting Sponsors, North Easton Savings Bank, Picerne Real Estate, and Ophthalmic Consultants of Boston in providing much-needed financial support for the library and greater Plymouth community. In addition to the library's extensive collection of books, movies, music, and research resources, Annual Sponsorships support free access to the latest technology, cultural enrichment, literacy instruction, cultural events, education, and outreach for children, youth, seniors, and the other-abled.

"Now more than ever, libraries are vital community institutions," said Anne Phelen, Executive Director of the PPLF. "Our annual sponsors' generous and continual support ensures that we continue to meet the educational, cultural, and recreational, needs of the citizens of Plymouth and surrounding towns. We are so grateful for their participation."

"The library opens our eyes and fuels our imagination to a world beyond our front door, giving you a chance to peak into other lives, cultures, experiences, and inspires us to explore, achieve, and contribute to enhancing our world for the better," said Mark Strangie, Vice President of Sales and Marketing at Tech Etch. "Great libraries build communities and Tech Etch is proud to help sponsor a place that evokes possibility and hope."

Plymouth Public Library Foundation Annual Sponsorships are available in limited quantity and provide local businesses the opportunity to connect and communicate with the community via events, social media, in-print, and on-site at the library, throughout the year. To learn more contact Anne Phelan, 508-830-4250, x216.

### **About the Plymouth Public Library Foundation**

The Plymouth Public Library Foundation works to provide quality services and resources to the community in a variety of accessible formats and locations and is committed to planning for the future, increasing community awareness of library services and programs, and securing financial support. Plymouth Public Library Foundation Annual Sponsorships are available in limited quantity and provide local businesses the opportunity to connect and communicate with the community via events, social media, in print, and on-site at the library, throughout the year. To learn more contact Foundation President, Bill Petrillo or visit <https://www.plymouthpubliclibrarycorp.org>.

### **About Tech Etch**

Tech Etch has over five decades of experience and expertise specializing in manufacturing precision-engineered thin metal components, flexible printed circuits, and EMI/RFI shielding, across three locations in the United States (Plymouth, MA, Fall River, MA, and Litchfield, MN). Their commitment to

excellence begins with their employee-owners who provide world-class services and innovative comprehensive solutions that enhance lives globally. Tech Etch partners with leading global customers in the aerospace, military, medical, telecommunication, and electronics industries that have highly complex precise designs and demanding regulatory requirements. Their solutions ensure unmatched precision, quality, and attention to detail in every project, every time. Learn more about Tech Etch by visiting [www.techetch.com](http://www.techetch.com).

### **About Picerne**

Picerne Real Estate Group is committed to the communities in which they build and quality projects in every respect. Picerne Real Estate Group has been building and managing luxury properties on a continuing basis since 1925 and maintains a share in the equity, so pride of ownership is tantamount. We live in the area, so we care about the kind of communities we are building. We evaluate and enhance each development as if it was our own private home. At Picerne, we make each property a place we are proud to own. A place you will be proud to call home.

### **About The Newfield House**

Since 1962, The Newfield House has been dedicated to exceptional care and quality of life, and has been driven by one unifying goal; to develop the best answer to the long-term care needs of Plymouth and its surrounding communities. Beautifully situated behind downtown Plymouth on Cannon Hill, Newfield House has panoramic views of downtown, Plymouth Bay, and the barrier beaches. To learn more visit <https://newfieldhouse.com>

### **About North Easton Savings Bank**

Deeply and firmly rooted in South Eastern Massachusetts, North Easton Savings Bank is committed to doing their part to improve the quality of living, working, and raising a family in the areas they serve. Fostering a prosperous community means stretching far beyond banking services – it means supporting you and your family’s growth, believing in the local initiatives that keep our towns and cities thriving and remaining dedicated to the big-picture economic development of the places we call home.

### **About Ophthalmic Consultants of Boston**

Ophthalmic Consultants of Boston and Eye Health Services, both leading referral centers for advanced eye care, affiliated in 2021 to become OCB Eye Health Services, providing patients with the highest level of eye care as well as a wider range of access to highly skilled ophthalmologists and convenient locations including their Plymouth location at 145 Industrial Park Road.
